RE: Reference for Pipe Technologies

Pipe Technologies Ltd (*Pipe Tech*) undertook several patch repairs for us on some 300Ø and 225Ø concrete storm water pipes, in a subdivision in Palmerston North.

The patch repairs covered some joint displacements and were approved by Council.

We were impressed with not only the product installed, but also with the efficiency and the systems put in place by Pipe Tech.

The crew also took ownership of the site from a health and safety perspective.

We would certainly use Pipe Tech again should the opportunity present itself. We would also recommend Pipe Tech to other companies.

Should any of the above need clarification, then please do not hesitate to call me on 06 3685528.

Yours faithfully
