Pipetech  
PO Box 8109  
New Plymouth**Reference for Sewer Rehabilitation – Using AM Liner**

To Whom It May Concern:

United Water International (UWI) has engaged Pipe Technologies Ltd (PipeTech) to undertake sewer rehabilitation works on the Papakura District Council wastewater network.

To date Pipetech have successfully installed 450m of AM liner and several structural CIPP patch liners to 150mm dia AC mains in Papakura.

United Water have found PipeTech to deliver on time and on budget. The team has a professional work ethic and we have found them to be sensitive to our own and our customer's needs. Pipetech take pride in their work and operate confidently under their own standard operating procedures and Health and Safety policies.

We have found Pipetech to be a responsible and reliable contractor and we will not hesitate to utilise their services in the future, or recommend them to others.

If there are any further queries, please do not hesitate in contacting me.

Yours sincerely,

Jennifer Keehan
